

# Nursing and Midwifery

## Your **study** journey

Certificate III  
Individual  
Support

Certificate III  
Health Services  
Assistance

University courses in  
Nursing and Midwifery  
enable you to work  
further in health,  
leadership and  
education!

- Support nurses with **patient care** tasks – includes bathing, dressing and changing bed linen.
- You will also be trained in simple **wound care**, assisting with **mobility and exercises**.
- Nursing roles require a strong sense of **caring and empathy**.
- As a nurse, your role will also include **pain management**, **administering medication** to patients, and carrying out regular **health assessments**.
- Further training in **sterilisation**, cleaning and **infection control** will also enable you to work in operating theatres.
